

ABSTRACT

Winda Tri Ramadhani, 321710194. "Analysis of English Learning Activities During a Pandemic for Students of SMPN 1 Sungai Raya in Learning English During a Pandemic (Descriptive Study on Students of SMPN 1 Sungai Raya Pontianak in the Academic Year 2021/2022)." Thesis of the Department of English, Faculty of Language and Arts Education, Institute of Teacher Training and Education, Indonesian Teachers Association (IKIP-PGRI), Pontianak, 2022.

The purpose of this study was to determine student learning during the pandemic. This research was conducted using descriptive qualitative research. This research was conducted at SMPN 1 Sungai Raya. The subject of this research is a teacher at SMPN 1 Sungai Raya. Data from 1 researcher was collected through an offline questionnaire consisting of several questions which were divided into questions and extrinsic.

The results of this study indicate that students of SMPN 1 Sungai Raya can carry out teaching and learning during the pandemic properly and correctly. From this study, the researcher also concludes how the state of teaching and learning in this pandemic period is until now whether students and teachers feel comfortable teaching and learning during this pandemic.
