

CHAPTER V

CONCLUSION AND SUGGESTIONS

A. Conclusion

Based on the results and discussion of the research supported by the data that has been done, it can be concluded that in general the use of translated local legend in the teaching and learning process can be innovation and helped in the English learning process. translated local legend played an important role in helping students to improve students' understanding skills and improve students' vocabulary, it can be seen from the student ability to answer and practice the worksheet from the researcher. This shows that it is necessary to use translated local legend in the process of learning English.

B. Suggestions

Based on the results of the research and conclusions, there are several suggestions as follows:

1. Students, it is suggested to use translated local legend as learning resources.
2. Teachers, should be able to use translated local legend in this study as alternative learning resources that support the learning process, English teaching must also be fun with intensive assistance so that students have a positive perception of English from an early age.
3. Schools, English should be the main alternative in the school curriculum.
4. The village chief, the village must know the positive impact of the English village and initiate English village activities.
5. The results of this study are expected to be a reference for further research in the same field.
